IMMUNOLOGY 2009™

The 96th Annual Meeting of
**The American Association
of Immunologists**

Meeting Dates:

May 8–12, 2009

Exhibit Dates:

May 9–11, 2009

**Washington State
Convention & Trade Center
Seattle, Washington**

An Invitation to Exhibit and Sponsor...

If your organization serves the immunology research community, **IMMUNOLOGY 2009™** is the premier opportunity of the year. This 96th Annual Meeting of the American Association of Immunologists (AAI) brings together the world leaders in immunology to present cutting edge research. This AAI event is the largest annual all-immunology meeting in the world. It is unique as it engages investigators at every career stage to present their best science and exchange ideas. Join us in Seattle to meet and discuss your products and innovations with heads of laboratories, grant holders, and team leaders who are the decision makers.

Join Us!

Participating IMMUNOLOGY 2009™ exhibitors will have an opportunity to increase their sales of:

- Laboratory supplies
- Biologics, diagnostic kits, and reagents
- Research animals and supplies
- Analytical and flow cytometry equipment
- Data analysis systems and software
- Laboratory support services
- Scientific journals and books
- And more...

Products purchased by attendees include:

- Antibodies and diagnostics
- Balances, microscopes, cameras, spectrophotometers, high-throughput robotic equipment, etc.
- Cell and tissue culture reagents and animal sera
- Cell separation products
- Centrifuges
- Cytokines, chemokines, and growth factors
- Electrophoresis equipment and reagents
- ELISA kits and plate readers
- Enzymes
- Flow cytometry and cell sorting equipment
- General lab supplies and equipment, including chemicals
- HPLC equipment and reagents
- Incubators
- Irradiators, animal and cell
- Laboratory animals and equipment, including specialty diets
- Laboratory storage equipment
- Laminar flow hoods
- Microarray reagents, equipment, analysis software (nucleic acid and protein arrays)
- Nucleic acid isolation and PCR reagents
- Oligonucleotide/peptide/protein production services
- Pipettes, pipetting devices, test tubes, plates and other plastic peripherals
- Reagents related to confocal and electron microscopy, as well as related immunohistochemistry reagents
- Scintillation counters, gamma counters, radioisotopes
- Software
- Subscriptions and books

GEOGRAPHIC BREAKDOWN FOR AAI MEMBERS

IMMUNOLOGY 2009™
scientific attendance will be great!

When AAI last met in Seattle, 3,451 immunologists attended.

Exhibit space will be assigned on a first-come, first-serve basis, and discounts are available for early application, so don't delay!

Audience Profile:

AAI has developed an exceptional scientific and educational program that is expected to attract thousands of immunologists:

- AAI members
 - Faculty/Principal Investigators
 - Students
 - Post doctoral fellows
- Members of 15 or more Guest Societies
- Corporate scientists
- Government scientists
- Other immunologists from around the world

Outstanding Symposia

A diverse range of topics will be presented by AAI and its guests including:

- Hematopoiesis and Immune Cell Fate Decisions
- The Inflammasome
- MicroRNAs
- Bridging Adaptive and Innate Immunity
- Triggers of Autoimmunity
- IL-23/IL-17 Axis in T Cell Differentiation and Tissue Inflammation
- Epigenetic Regulation of the Immune Response
- T Cell Memory and Responses to Pathogens
- Bone Marrow Transplantation
- Interferon and Cytokine Research
- Neuroimmunology
- Developmental and Comparative Immunology
- Psychoneuroimmunology
- Glycobiology
- Mucosal Immunology
- Primary Immunodeficiencies
- Barriers to Transplant Tolerance
- Graft-versus-Host Disease
- Veterinary Immunology
- Osteoimmunology

EXHIBIT HALL SPONSORSHIP OPTIONS

Available to IMMUNOLOGY 2009™ Exhibitors Only.*

Cyber Center **\$10,000** 1 sponsorship available

For kiosk on Exhibit Floor with at least 5 computers

- Daily exposure
- One complimentary 15-minute product showcase

AAI RULES AND REGULATIONS

The Exhibit Application/Contract must be signed by an authorized representative of the exhibiting company. This signature will reflect that the authorized representative has read and has full comprehension of the terms specified below and of the terms specified on the IMMUNOLOGY 2009™ website.

Presentation of Products or Services

The purpose of the IMMUNOLOGY 2009™ exhibit program is to further the education of the scientist working in immunology and related fields. The exhibits must be of an educational character. They must emphasize instruments, products or services for use in teaching and research, books or other publications in scientific fields of relevance to the interests of the members of the Association, or directly convey scientific research findings in those areas of science represented by the Association.

The American Association of Immunologists (AAI) reserves the right, in its sole discretion, to accept or deny applications for exhibit space and to allocate space among exhibitors. In the case of a denied application all monies collected by Exhibit Management will be refunded to the exhibiting company.

Space Assignment

Assignment of available space will be made on a first received (time stamped) first assigned basis. Whenever possible, space will be allotted according to the exhibitor's choice, but the final arrangements will be determined by Exhibit Management in a way that produces the most advantageous grouping of the exhibits. AAI shall have no liability if the space location assigned is not as requested or if space is sold out.

A 50-word description of products and/or services to be displayed in your booth must be submitted. This information will be published in the *Meeting Program* provided that the application and description are received no later than January 16, 2009. If the description is not provided by the deadline date only the name, address (as it appears on the contract) and booth number will be printed in the *Meeting Program*.

General Conduct of Exhibits

The following practices are prohibited: noisy electrical or other mechanical apparatus interfering with other exhibitors; operation of x-ray equipment; canvassing or distributing any material outside the exhibitor's own space; use of billboard advertisements and/or the display of signs outside the exhibit area; publicizing and/or maintaining any extracurricular activities, inducements, demonstrations or displays away from the exhibit area during the exhibit hours; entry into another exhibitor's booth without permission; photographing, video taping, or examining another exhibitor's equipment without permission; the use of animals (dead or alive), the use of magicians, fortune tellers, dancers, puppets, balloons, or other entertainment of this nature without permission. Sub-leasing of exhibit space is not permitted. Dismantling exhibits and leaving before official exhibit close at 4:30 PM on Monday, May 11, 2009, is not allowed.

Location Relative to Other Exhibits

Exhibitors may use the Exhibit Application to designate their preference for location near other companies or their wish not to be adjacent to or opposite designated companies. These requests will be honored to the greatest extent possible in conjunction with assignment priorities and requests for specific locations on the floor.

Distribution of Giveaways

Exhibitors will be permitted to distribute appropriate promotional materials and approved related items from their exhibit booth only. Exhibitors may not without permission distribute any material outside the booth (hotels, Convention Center lobby area, etc.). In keeping with the educational purpose of the exhibit program, all such giveaways, with the exception of literature, must have prior approval of Exhibit Management and must conform to acceptable and professional standards. A giveaway approval form will be available in the *Exhibitor Service Kit*.

GENERAL INFORMATION

Exhibit Space Rental

All booths are 10' x 10' and can be combined to make larger booths. Each corner booth (bordered by a front and side aisle) is US \$2,500. Each inside booth

(bordered by a front aisle only) is US \$2,400. A 10% discount is offered for applications and deposits received by October 31, 2008. Rental includes 8' high back drapes and a 36" high side dividers and a standard (7" x 44") identification sign with company name. The exhibit aisles will be carpeted. Exhibitors will need to bring or rent carpet for their booths. A deposit check in the amount of US \$1,000 for each booth requested must accompany the application for space for applications submitted on or before October 31, 2008. After October 31, all applications must be submitted with payment in full. **Exhibit space will not be assigned and confirmed without receipt of deposit money.** The balance due on the cost of space assigned must be paid on or before December 15, 2008.

Cancellation or Reduction of Exhibit Space

Notification of an exhibitor's decision to cancel or reduce space must be made in writing. The effective date of space cancellation or reduction will be the date on which the written notice is received by Exhibit Management. If space is cancelled or reduced on or before December 15, 2008, a refund will be made of any funds paid in excess of the required non-refundable deposit. After December 15, 2008, all sales are final and any deposits or other booth fees paid become non-refundable.

Sub-Leasing

Sub-leasing of exhibit space is not permitted. Two or more companies may not share the same space.

Registration of Exhibitors

Exhibitors will receive four complimentary Exhibit Hall-Only badges for company personnel for each 10x10 booth space reserved. Additional Exhibit Hall-Only badges can be purchased for \$50 each. It is the responsibility of the authorized individual signing the application for space to inform all company personnel of the rules and regulations contained in this brochure. **Exhibit Hall-Only badges will not permit attendance to scientific sessions.**

BOOTH DESIGN AND USE OF EXHIBIT SPACE

Standard In-Line Booths

The backwall of the display is limited to 8' in height and a depth of 4'. All display fixtures and accessories, (including but not limited to book racks, instruments and foliage) over 4' in height (not to exceed 8' maximum) must be confined to that area of the exhibitor's space which is within 4' of the backline. Display material in the remaining 6' of booth space must not exceed 4' in height. Hanging signs are not permitted.

Multiple Standard Booths

In an exhibit that contains 3 or more linear booths (30 feet or more), the interior booths are permitted to contain display material over 4' in height—with a maximum of 8' in height—which must be confined to that area of the exhibitor's space which is within 6' of the backline of the booth. Sufficient "see-through" area must be provided so as not to block the view of adjacent exhibits. The end booths of such an exhibit must conform to the Standard Booth restrictions of 4' display area from the backline of the booth. Hanging signs are not permitted.

No exhibit may span an aisle by roofing. Exposed, unfinished sides of exhibit backgrounds must be draped to present an attractive appearance. If such draping is not ordered, the contractor, with the approval of the Exhibit Manager, will install it and charge the exhibitor.

Island Booths

In island booth units, bordered on four sides by aisles, the full cubic content of the space may be used; however, all display material is restricted to 16' in height and sufficient "see-through or walk-through" area of 40% visibility per side must be provided so as not to block the view of adjacent exhibits. Models or to-scale drawings of cubic content exhibits must be submitted in advance to Exhibit Management for approval to avoid problems during exhibit set-up. Island booths will be measured and may not exceed the 16' height limitation. Hanging signs are permitted but must not exceed the 16' height restriction measured from the top of the sign to the floor.

The aisles are the property of AAI. Each exhibitor has the responsibility to assure proper flow of traffic at all times by not blocking the aisles. Do not place your demonstration areas on the aisle line of your exhibit

if you expect many people to congregate at one time. Leave space within your own exhibit area to absorb the majority of the crowd. This regulation applies even if your exhibit booths are directly across the aisle from each other.

Fire Code Regulations

All drapes, curtains, table coverings, skirts, carpet or any material used in exhibits must be flame retardant. Fire hose cabinets, fire extinguishers, sprinklers, fire exit doors, route of egress and any other fire safety device or facility must not be hidden, obstructed or otherwise disturbed. Crates, packing materials, wooden boxes or other highly combustible materials may not be stored in exhibit halls, meeting rooms or fire exit areas. Passenger elevators and escalators may not be used for freight, including hand trucks, floats and similar equipment.

Liability

The exhibitor assumes entire responsibility and hereby agrees to protect, indemnify, defend and hold harmless AAI and their officers, employees, and agents, Smith-Bucklin (AAI Exhibit Management), the Washington State Convention and Trade Center, and its employees and agents, and Freeman Companies harmless against all claims, losses and damages to persons or property, governmental charges or fines and attorney's fees arising out of or caused by Exhibitor's installation, removal, maintenance, occupancy or use of the exhibiting premises or a part thereof, excluding such liability caused by the sole negligence of the parties referred to above. In addition, the Exhibitor acknowledges that AAI, SmithBucklin, the Washington State Convention and Trade Center, and Freeman Companies do not maintain insurance covering the Exhibitor's property and that it is the sole responsibility of the Exhibitor to obtain business interruption and property damage insurance covering such losses by the Exhibitor.

Cancellation of Meeting and Exhibit

It is mutually agreed that in the event IMMUNOLOGY 2009™ is cancelled due to acts of God, war, strikes, government regulation or advisory (including travel advisory warnings by the government or World Health Organization), civil disturbance, terrorism, or threats of terrorism in Seattle, WA, and the western United States as substantiated by governmental warnings or advisory notices, curtailment of transportation, epidemics, disaster, fire, earthquakes, hurricanes, unseasonable extreme inclement weather, shortages or disruption of the electrical power supply causing blackouts or rolling blackouts in Seattle, WA, or any other comparable conditions or circumstances occurring either in the location of the IMMUNOLOGY 2009™ meeting or in the countries/states of origin of at least 30 percent of the attendees or along their routes of travel, making it commercially impracticable, illegal, or impossible to hold IMMUNOLOGY 2009™, the Application and Contract for exhibit space will be terminated. In such an event, the affected party shall not be liable to the other for delay or failure to perform its obligations, except there shall be a prorated reduction of any fees payable or otherwise due under this agreement and/or refund of any deposits paid.

Insurance

Exhibitors are urged to take out a portal-to-portal rider available at a nominal cost on their own insurance policy protecting them against loss through theft, fire, damage, etc.

SERVICES AND OFFICIAL CONTRACTOR

Details for labor, furniture, rental displays, lead retrieval, utilities, etc. will be included in the exhibitor service kit.

Service Kits

Exhibitor Service Kits will be on-line in February 2009. Exhibitors are urged to take advantage of cost reductions offered by most contractors for advance orders. Many services cost substantially more when ordered on-site.
